## NEW

### THE CROSS BOW PISTOL:

This is an entirely NEW Indoor Game being adopted from the Continental Cross Bow of the Swiss. The Game is ideal for a Recreation Room. Shooting the miniature Arrows known as Quarrells is even more fun than throwing darts. It trains a keen eye and helps to keep you in shooting condition.

Complete with Cross Bow Pistol, 6 Quarrells and double-faced Target.  
Price \$5.00

### THE BLOW GUN:

Probably no weapon has such a mysterious and weird history as the Head Hunters' BLOW GUN. Native Guns were often more than twice the length of a man and were capable of bringing down game at 50 to 60 yards with poison darts. The native method of drilling the smooth round bore long remained a mystery.

We offer a Blow Gun adapted for indoor Recreation. The force and accuracy of this Gun at room distance is surprising.

Attractively finished, complete with changeable mouth piece, sight and six blow darts  
Price \$3.75

NOTE—All prices are F.O.B. and C.I.F., Toronto. Mail orders must be accompanied by money order. Deposits are required on all custom built tackle.  
Due to the War, prices are subject to change without notice.

### BACKED LEMONWOOD BOWS:

Here we offer, in addition to all the above features, a bow with a beautiful protective backing increasing the life of the bow and in the case of Silk and Sinew backing considerably increasing the cast. A most suitable Hunting Bow.

The "Fiba" Bow—Fibre backed. Length up to 6'. Weight up to 55 lbs. Price **\$12.00**

The "Sinba" Bow—Sinew backed. Length up to 6'. Weight up to 55 lbs. Price **\$14.25**

The "Silba" Bow—Silk backed. Length up to 6'. Weight up to 55 lbs. Price **\$15.00**

### YEW AND OSAGE ORANGE BOWS:

For the finest and best shooting bows yew wood has been renowned since ancient times. More recently Osage Orange has come into favour particularly for Hunting and Flight Shooting use as it is a harder wood and will stand up remarkably well under the greater strain in a short bow. The smoothest of shooting, maximum cast and accuracy make these two woods the universal choice of champions. Made in the Nagler design and dimensions and specially finished, these bows come complete with Linen String, adjustable Sight and cloth case. Custom built to order.

Gentleman's Tournament Bow Price **\$30.00**

Lady's lighter weight and shorter Tournament Bow Price **\$25.00**

### LAMINATED BOWS:

After ceaseless effort on the part of Mr. Wyttenbach and others, we have now mastered the art of gluing LAMINATED BOWS to a point where the Bows will really stand up and give excellent service. In the process of manufacturing these Bows are given a Recurve which imparts exceptional cast to the Bow. Constructed from either Yew or Osage Orange with Hickory backing. A splendid York Round or Hunting Bow on which you can use a sight at 100 yards on Bows of less than 40 lbs.

Weight up to 60 lbs. Price **\$18.50**

### EXTRA HEAVY BOWS:

For Flight Shooting and Hunting. Recurved Ends. Silk backing and special features.

Price on Application.

## ARROWS

*In ordering Arrows, always state the length required. This is determined by holding the bow in shooting position and measuring the distance from the centre of your chin to the back of the bow.*

### BIRCH PRACTICE ARROWS:

Made from selected white Birch with Bullet Jacket heads. A strong and durable Arrow recommended for Camps and Schools.

Price, **25c** each; **\$3.00** per dozen.

With Cresting in School Colors, **75c** per dozen extra.

### PORT ORFORD PARALLEL ARROWS:

Made from selected 5/16 parallel Port Orford Cedar shafts. Spine grouped. Two-colour cresting. The popular choice of beginners.

### SELF TOURNAMENT ARROWS:

These Arrows are milled from selected Port Orford squares in a balanced streamlining. Group spined. Triple X feathers. B. J. or Parallel Piles. Pyroxylin Nocks. Attractive Cresting. These Arrows will more than meet the demands of close Club competition.

Price, **75c** each; **\$7.50** per dozen.

~~75c~~ **\$8.00**

### MATCHED AND GROUPED SHOT TOURNAMENT ARROWS:

To stand the severe competition of the Canadian National Exhibition and the N.A.A. Tournaments we recommend: A set of these self Arrows matched for spine and weight to suit the weight of your Bow and group shot. It is well worth the \$4.50 additional cost.

Price, **\$12.00** per dozen.

### FOOTED TOURNAMENT ARROWS (Milled):

Precision made from the finest of P.O. Cedar, feathers, and nocks. Two point footings. Beautiful Cresting. Custom built as specified.

Grade "A" Walnut footing Price per dozen **\$10.50**

Grade "AA" Beefwood footing Price per dozen **\$12.00**

The same Arrows matched for spine and weight. Group shot. **\$5.00** per dozen extra.

### HUNTING AND FLIGHT ARROWS:

These Arrows are specially made from the best materials for their particular purpose. We highly recommend our Hunting Arrows as real game getters. The Flight Arrows are "Tops".

Large game Hunting Arrows "KOREK" Broadhead **\$1.50** each; **\$15.00** per dozen.

Small Game Hunting Arrows "KISKA" Broadheads **\$1.25** each; **\$13.50** per dozen.

Blunt heads for small game and vermin **\$1.00** each; **\$10.00** per dozen.

The above Hunting Arrows made up from ordinary Birch shafts similar to the Birch Practice Arrows **\$8.50**, **\$7.00** and **\$3.50** per dozen, respectively. Flight Arrows, correctly proportioned for Spine and Weight **\$1.50** each. Archery Golf Arrows. Sets of three special Arrows **\$3.75**

### METAL ARROWS: *Discontinued*

The NEW Aluminum Alloy Arrows with their mechanical exactness are rapidly being adopted by the highest scoring Archers. Nocks reduced to 3/16. Spiral fletching, and Cresting as desired.

## HICKORY BACKED BOWS

The recent use of waterproof plastic glues in the construction of backed bows has eliminated the danger of separation in the glue joint. The increased cast due to the gluing process and the added protection given by the Hickory makes this a better shooting and more durable bow.

### Hickory Backed Lemonwood Bow—

Lady's Length	5' - 5'6"	22-30 lbs.	\$12.00
Gentleman's Length	5'8" - 6'	32-46 lbs.	14.50

Gentleman's Length	5'8" - 6'	32-46 lbs.	20.00

## WYTENBACH LAMINATED BOWS

The construction of a bow with 3 or more layers of different woods has long been considered an ideal method of achieving a super bow. With the recent advent of plastic glues and ceaseless experiments we have now made these bows a reality. Utilizing the best qualities of each wood in the most advantageous manner 3 and 4 ply Laminated Bows are making a reputation for themselves and winning tournaments.

### 3 Ply Laminations (Hickory backing with two layers of Yew or Osage Orange)—

Lady's Length	5' - 5'6"	24-30 lbs.	\$22.50

## GENERAL INFORMATION

As a result of the meetings held last summer, at which the various camps were represented, it was decided to form a Counselors' Section of The Ontario Camping Association. An "open" meeting of The Ontario Camping Association was held in December and a Counselors' Section was formed; a course decided upon, the subjects of the course chosen, and an active executive elected to organize the course.

### The Object of This Course:

(1) To stimulate further interest in camp counseling, especially for the less experienced and younger girl or boy. (2) To entail, as much as possible, practical knowledge of the subjects chosen. (3) To incorporate an exchange of ideas and suggestions of interest to every counselor.

**Fee:** A fee of \$2.00 will include admission to the five sessions of the course as well as to the Annual Conference and Camp Fair, March 13th and 14th. The registration card must be presented at each session. A fee of \$2.50 includes the above course, conference and a counselor's membership to the O.C.A. A fee of 50c will be charged for a single session.

An **application form** for counselors will be available for those wishing to fill it out. This will be kept on file for the use of camp directors when procuring new counselors.

**Organization:** The course is organized by a counselor committee, with the assistance of Miss Florence Somers, a member of the Committee on Education and Research, of The Ontario Camping Association. The course is sponsored by the Committee on Education and Research.

### Counselors' Committee:

Dorothy Hoyle (chairman)—Inawendawin.  
Margaret Dunning—Tanamakoon.  
Winifred McEvoy—Glen Bernard.  
Betty McCammon—Glen Bernard.

## DESCRIPTION OF COURSE

The sessions will be divided into two parts: (1) practical subjects for the first hour; (2) theoretical subjects for the second hour. There will be a fifteen-minute intermission, during which a rousing sing song will take place.

**Canoe Trips:** Here is an opportunity to learn more about the art of "tripping"; it is an art, and a major camp activity!

**Out Trips:** This is an important activity in some camps. But others may be interested in learning something about these out trips—something different for next summer.

**Handcrafts:** Learn how to make something out of nothing! Ever try it? It *can* be done!

**Nursery School:** This is a new venture in some camps; how about trying it in yours?

**Camp Cooking:** Improve your appetite and skill over a skillet!

**Swimming:** New forms of recreational swimming, pageants, water-front safety, etc., will be discussed and demonstrated.

**Sailing:** The skipper said: "I think that you can take charge of both ship and crew." Could you?

**Nature Lore:** Learn to teach nature lore the interesting way; new projects and new material.

**Music:** "Music hath charm . . ." Plenty of variety; a different person will lead the sing song each week.
